

SCALA2

<http://qr.grundfos.com/i/scala2install>

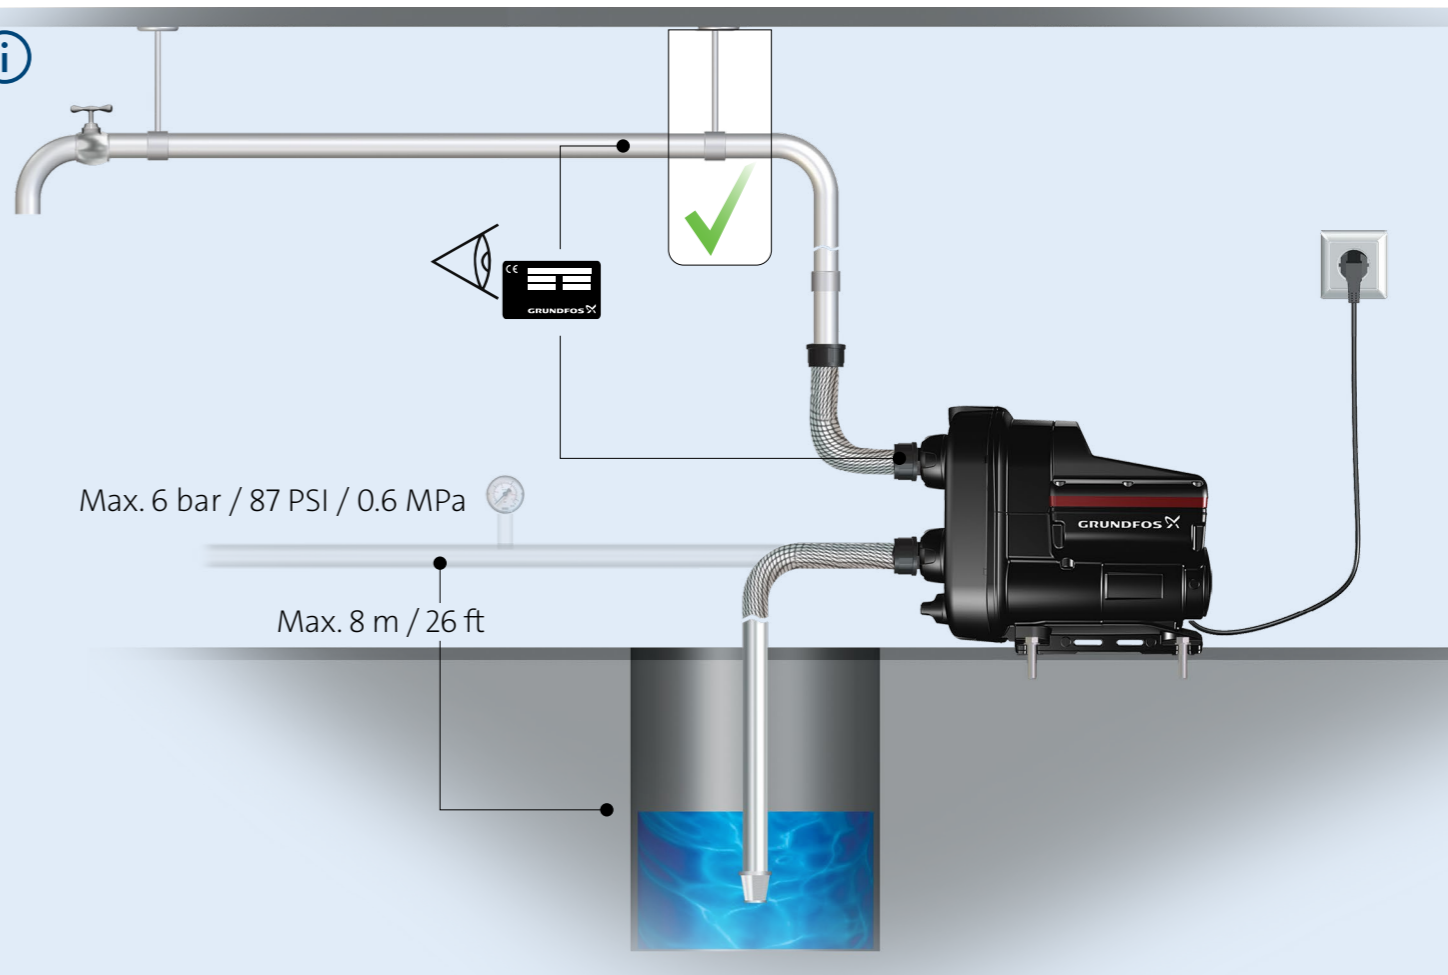

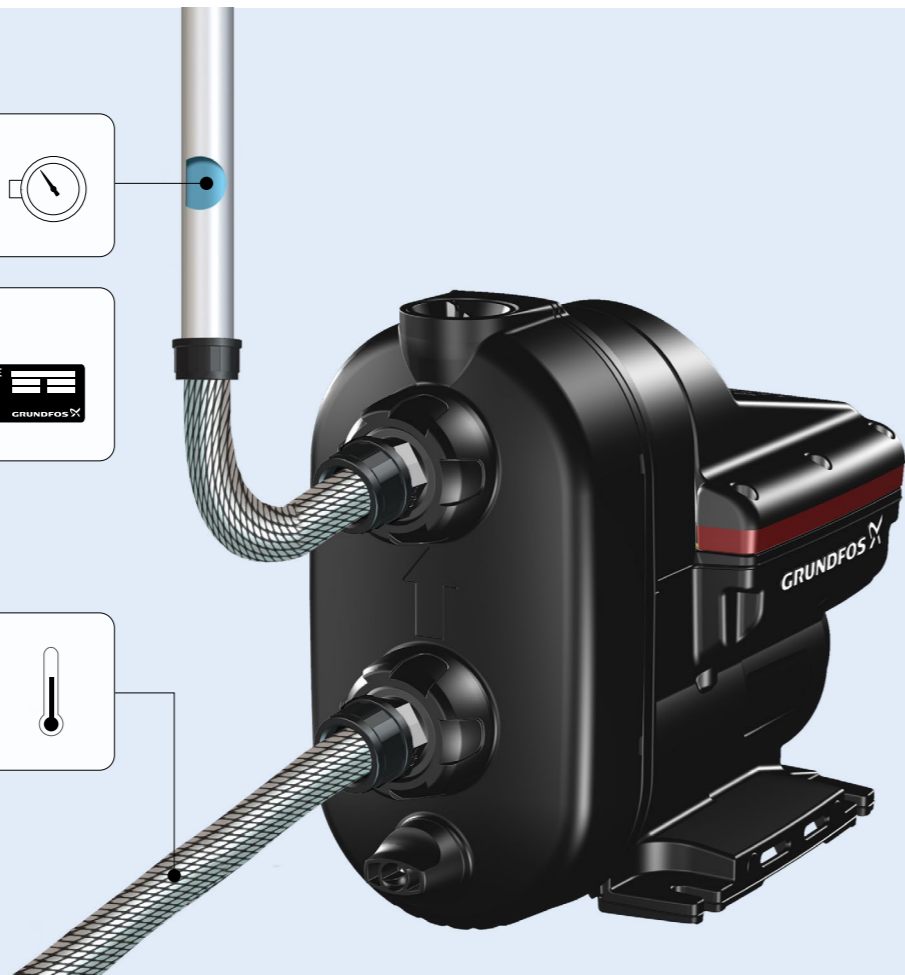

PN10:
Max. 10 bar/1.0 MPa

- Voltage
- Ambient temperatur

Min./Max.
0 °C – 45 °C /
32 °F – 113 °F

SCALA2 CONSTANT PRESSURE

4

Diagram illustrating the initial state of the system, showing a water pump and a tank. The control panel displays a green progress bar at 25%.

5

SCALA2 CONSTANT PRESSURE

5

Diagram illustrating the lock function. The control panel displays a green progress bar at 50%. The lock icon on the panel is shown being toggled on and off.

6

SCALA2 CONSTANT PRESSURE

6

30 min.

Diagram illustrating the timer function. The control panel displays a green progress bar at 75%. The timer icon on the panel is shown being set to 30 minutes, indicated by a red stopwatch icon and a faucet with water running.

7

SCALA2 CONSTANT PRESSURE

7

Diagram illustrating the temperature function. The control panel displays a red progress bar at 100%. The temperature icon on the panel is shown being set, indicated by a red thermometer icon and a pump unit.
